E10066

Container type	205 litre drums
Number of containers	4
Grid	galvanized
Design	Accessible underneath
Depth, external (mm)	1342
Width, external (mm)	1260
Height, external (mm)	270
Overall load capacity (kg)	1400
Containment volume (l)	268
Material	Stainless steel
Approval	ÜHP
Model	4 P2-I
