E10067

Container type	205 litre drums
Number of containers	2
Grid	galvanized
Design	Accessible underneath
Depth, external (mm)	1342
Width, external (mm)	850
Height, external (mm)	325
Overall load capacity (kg)	900
Containment volume (l)	225
Material	Stainless steel
Approval	ÜHP
Model	2 P2-I
