

Turftak[®]

Artificial Turf Adhesives

The Turftak range includes a selection of one and two component polyurethane adhesives for use in the installation of artificial turf.

This versatile, easy to use adhesive is suitable for bonding a variety of substrates and joining tapes for both indoor and outdoor applications.

Chemique
Adhesives

Turftak Features

- ✓ One & two component PU adhesives
- ✓ For domestic, commercial & sports applications
- ✓ Suitable for a variety of turf, underlay & substrates
- ✓ High resistance to weathering
- ✓ Excellent bond strength

Turftak 1 One Component Adhesive

Turftak 1 is a one component polyurethane adhesive and requires no mixing for ease of application. The adhesive exhibits a thixotropic nature which helps to gap fill slight voids between substrates. Once cured, Turftak 1 provides excellent shock absorption properties.

- Strong yet flexible bond
- Low foaming
- No mixing required
- Thixotropic

Turftak 1 LV One Component Adhesive - Low Viscosity

Turftak 1 LV is a one component, low viscosity polyurethane adhesive and requires no mixing for ease of application. The adhesive is easily pourable and can be effortlessly spread across substrates. Turftak 1 LV is low foaming and provides a fast cure of 3-4 hours.

- Excellent bond strength
- Low foaming
- No mixing required
- Easily pourable

Turftak 2 Two Component Adhesive

Turftak 2 is a two component polyurethane adhesive consisting of a paste and fluid hardener, which when mixed can be easily applied with a notched trowel. The adhesive creates a permanent bond while remaining flexible enough to excel in impact resistance.

- Excellent bond strength
- No foaming
- Does not activate until mixed
- Trowelable

Turftak Quick-Fix Repair Kit

Turftak quick-fix repair kit has been specially developed as a rapid and efficient solution for the repair of tears, seams and inlays whilst providing long lasting results. Application is quick and easy using a standard twin cartridge gun and as the adhesive is dispensed, it is perfectly mixed ready for use.

- Quick repair
- Longlasting results
- Excellent bond strength
- Includes nozzle

Our selection of artificial turf adhesives have been expertly crafted to provide the very best in quality, performance, and reliability.
